SUMMARY

Final-Year B.Tech student passionate about **software development** and **problem-solving**, with hands-on experience building **scalable full-stack applications**. Experienced in writing **clean, maintainable code** and developing reliable, efficient software solutions.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend: HTML, CSS, React.js, EJS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools & Deployment: Git, GitHub, VS Code, Render

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Computer Networks, Operating Systems, RESTful APIs

PROJECTS

NexMeet - Online Video Conferencing Platform | GitHub | Live Demo

- Built a scalable **video conferencing platform** using **React.js**, **WebRTC**, and **Socket.io**, enabling **real-time multi-user communication**.
- Implemented **back-end** signaling services using **Node.js**, **Express.js**, and **Socket.io** to support real-time multi-user communication.
- Integrated **chat**, **screen sharing**, and media controls using JavaScript and **WebRTC** to enhance real-time collaboration across desktop and mobile web applications.

Rentify – Property Booking & Listing Platform | GitHub | Live Demo

- Built scalable full-stack property booking platform using JavaScript, **Node.js**, and **MongoDB** featuring authentication, property listings, **search/filter functionality**, and responsive UI.
- Developed scalable **back-end services** with **Express.js** and **REST APIs** using optimized database queries and pagination techniques.
- Implemented secure **authentication** and **authorization** using session-based authentication and middleware protection.

CodeLens – AI GitHub Repository Reviewer | GitHub | Live Demo

- Developed a full-stack AI-powered web application to analyze public GitHub repositories and generate **Repository Summary, Issues, Suggestions, and File-wise Reviews**.
- Integrated **Google Gemini AI** with GitHub repository parsing to analyze **multiple files** and provide structured code review insights.
- Built secure REST APIs using **Node.js**, **Express.js**, **MongoDB**, and **JWT Authentication**; deployed the frontend on **Vercel** and backend on **Render**.

EDUCATION

Sandip Institute of Technology and Research Centre

Bachelor of Technology

Nashik, India

2023 – 2027

Shivaji College

Higher Secondary Certificate (HSC) – 86.33%

Barshi, India

2022 – 2023

Achievements

- Solved 500+ DSA problems on **LeetCode** and **GeeksforGeeks**.
- Achieved a peak LeetCode rating of 1794, placing in the **Top 0.8%** globally.
- Built and deployed 3 scalable full-stack applications
